Turning Your Trash (Bags) Into Treasure

by Jessica Redmond & Adriana Comtois

Adriana and Jessica are investigating ways to combine their love of arts and crafts with the school's mission. We are currently collecting clean and intact plastic bags from retail and food stores in order to re-purpose them into sleeping mats, rugs, and more, for people or organizations that could use such items. We would also be inclined to relieve you of old shirts (button down and tee) that may not be in good enough condition for consignment but can be cut into strips or squares to make quilts, blankets, rugs, etc., for the same purpose. We greatly appreciate your contributions!

Varsity Jackets Available

by Ari Shapiro-Miller

Last week at morning meeting we announced a new varsity jacket for VCS athletes who have accumulated the 100 necessary hours in one (or more) sports. I have been notifying athletes who have either earned this distinction this year or who have already earned a jacket. If your son or daughter has already earned the jacket but would like to order this new version that is welcomed. If this is the first year they have earned a coat, the new version is what we will be ordering.

Attached are two photos of the men's and women's version of the jacket. There is also an extra-small men's option if needed. The jacket will cost \$50.00 and will have "VC" embroidered on the left hand front.

I will be putting in our order over the next two weeks. Please check in with your son or daughter and email me the size you would like by the end of next week. If you have any questions please let me know.
